SHUBHAM SOURAV

About My Self

Hello, everyone! My name is Shubham Sourav, and I am currently pursuing my Bachelor's degree in Computer Science and Engineering at the National Institute of Science and Technology in Berhampur, India. I am currently in my third year of study and have a deep passion for technology and its ever-evolving applications. I am excited to continue my journey in the field of computer science and contribute my skills and knowledge to the world of technology.
